BACKGROUND:

The US Substance Abuse and Mental Health Services Administration is accepting applications for its Child Mental Health Initiatives Grant Program. This program seeks to support State and local government organizations in developing integrated home and community-based services for children and youth with serious emotional disturbances and their families. This is achieved by encouraging the development and expansion of effective and enduring systems of care.

Community Based Care of Seminole, Inc. (CBC), a local nonprofit agency administering child welfare services, is leading a team of child-serving agencies, providers, professionals, families of children with serious emotional disturbances, and other interested stakeholders. The purpose of the team [named Families and Communities Together in Seminole (FACTS)] is to integrate existing systems for mental health services provided to children in Seminole County. CBC is requesting representation from Seminole County on the FACTS team, and support of the Board by way of applying for grant funds through the Child Mental Health Initiatives Program (only government entities are eligible to apply). No financial commitment from the County is requested.

Grantees will be expected to develop, implement, expand, and disseminate broad, innovative system changes which improve outcomes for children, youth and families, and create long-term positive transformation of services and supports. The initiative of the FACTS team will accomplish this expectation. Their goal is to strengthen the existing system of care by linking agencies in Seminole County who provide child welfare, mental health care and substance abuse systems, juvenile justice and education. The team will also coordinate comprehensive training and technical assistance to ensure that these linkages remain in place.

The proposed grant application would request \$9,000,000 over a six (6) year period. Annual continuation awards will depend on the availability of funds, grantee progress in meeting project goals and objects, timely submission of required data and reports, and compliance with all terms and conditions of award. The anticipated award and match schedule is as follows:

Up to \$1,000,000 in year 1 (33% match = up to \$333,333*)
Up to \$1,500,000 in year 2 (33% match = up to \$500,000*)
Up to \$2,000,000 in year 3 (33% match = up to \$666,667*)
Up to \$2,000,000 in year 4 (100% match = up to \$2,000,000*)
Up to \$1,500,000 in year 5 (200% match = up to \$3,000,000*)
Up to \$1,000,000 in year 6 (200% match = up to \$2,000,000*)

**Contingent upon amount of award*

Match resources may be in cash or in-kind [including facilities, equipment, services, or FACTS team members time] and must be derived from non federal sources. CBC is coordinating efforts to accommodate the required match.

As the grantee, oversight and monitoring of the grant and subsequent project would be conducted by the County (Community Services Department). CBC would administer the project to be implemented by the FACTS team. An agreement between Seminole County and CBC to formalize the requirements of each organization would be prepared upon notification of grant award.

A representative of Community Based Care of Seminole, Inc., will be available during the Board meeting to provide a brief summary of the project and to address any questions the Board may have regarding the project and/or grant.

STAFF RECOMMENDATION:

Staff recommends the Board appoint a county representative to the Families and Communities Together in Seminole (FACTS) team led by Community Based Care of Seminole, Inc.; approve to submit an application to the US Department of Public Health Services for their Child Mental Health Initiatives Grant Program, and authorize the Chairman to execute supporting documents.

3. CERTIFICATION REGARDING LOBBYING

Title 31, United States Code, Section 1352, entitled "Limitation on use of appropriated funds to influence certain Federal contracting and financial transactions," generally prohibits recipients of Federal grants and cooperative agreements from using Federal (appropriated) funds for lobbying the Executive or Legislative Branches of the Federal Government in connection with a SPECIFIC grant or cooperative agreement. Section 1352 also requires that each person who requests or receives a Federal grant or cooperative agreement must disclose lobbying undertaken with non-Federal (non-appropriated) funds. These requirements apply to grants and cooperative agreements EXCEEDING \$100,000 in total costs (45 CFR Part 93).

The undersigned (authorized official signing for the applicant organization) certifies, to the best of his or her knowledge and belief, that:

- (1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the under-

signed, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

The undersigned agrees that the applicant organization will comply with the Public Health Service terms and conditions of award if a grant is awarded as a result of this application.

5. CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, early childhood development services, education or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law also applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such Federal funds. The law does not apply to children's services provided in private residence, portions of facilities used for inpatient drug or alcohol treatment, service providers whose sole source of applicable Federal funds is Medicare or Medicaid, or facilities where WIC coupons are redeemed.

Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 for each violation and/or the imposition of an administrative compliance order on the responsible entity.

By signing the certification, the undersigned certifies that the applicant organization will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act.

The applicant organization agrees that it will require that the language of this certification be included in any subawards which contain provisions for children's services and that all subrecipients shall certify accordingly.

The Public Health Services strongly encourages all grant recipients to provide a smoke-free workplace and promote the non-use of tobacco products. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.
